SECTION 1 – INTRODUCTION

1.0 INTRODUCTION

1.1 SHORT TITLE:

The Bylaw shall be known and may be cited as the *Zoning Bylaw of the City of Moose Jaw*.

1.2 PURPOSE:

The purpose of this Bylaw is to regulate development in the City of Moose Jaw (the City), to provide for the amenity of the area and for the health, safety and general welfare of the inhabitants in the City, in accordance with the provisions of the City's Official Community Plan (OCP).

1.3 SCOPE:

Development shall be permitted within the limits of the City of Moose Jaw only when it conforms with this Bylaw, the City's Official Community Plan and *The Planning and Development Act, 2007* (the Act).

1.4 LEGISLATIVE INTENT:

The regulations and requirements in this Bylaw are intended to implement the objectives, policies and strategies of the City's Official Community Plan.

1.5 EFFECT OF THE OCP IN RESPECT TO THE ZONING BYLAW

As prescribed by Section 34(2) of the Act, in the event of any conflict between part of this OCP and the Zoning Bylaw, the inconsistent part of the Zoning Bylaw shall have no effect.

1.6 SEVERABILITY:

- a. If a court declares any portion of this Bylaw relating to a particular property, building or structure to be invalid, that judgement shall not affect the application of that provision to any other property, building or structure which is not specifically included in the judgement.
- b. A declaration by a Court that a section, clause or provision of this bylaw, including anything shown on the Zoning Map as being invalid, shall not affect the validity of the Bylaw or any part of the Bylaw. Only the section, clause, provision or part of the Zoning Map declared to be invalid would be affected by the judgment.

1.7 FLOOD HAZARD WARNING AND DISCLAIMER OF LIABILITY

This Bylaw identifies areas of flood hazard as derived from the Canada – Saskatchewan Flood Damage Reduction Program. The degree of flood protection which is intended to be provided by this Bylaw is considered reasonable for the regulatory purposes and is based on historical records

and engineering and scientific methods of study for river and lakeshore settings. Larger floods may occur or the flood height may be increased by man-made or natural causes, such as ice jams and bridge openings restricted by debris. This Bylaw does not imply that areas outside the flood hazard area boundaries will be totally free from flooding or flood damages. In addition, this Bylaw shall not create a liability on the part of, or be a cause of action against the City of Moose Jaw or any officer or employee thereof for any flood damages that may result from the reliance on this Bylaw.

1.8 SLUMP HAZARD WARNING AND DISCLAIMER OF LIABILITY

This Bylaw identifies areas of slump hazard as derived from the Golder and Associates Geotechnical Report commissioned by the City. In those identified areas which are now prone to slumping and earth movement, or which are subsequently identified as slump hazard in new geotechnical reports received by the City, the Zoning regulations will provide for a Slump Hazard zone. The degree of slump protection which is intended to be provided by this Bylaw is considered reasonable for the regulatory purposes and is based on engineering and scientific methods of study for slumping and earth movement. This Bylaw does not imply that areas outside the slump hazard area boundaries will be totally free from slumping and earth movement. In addition, this Bylaw shall not create a liability on the part of, or be a cause of action against the City of Moose Jaw or any officer or employee thereof for any damages due to slumping and earth movement that may result from the reliance on this Bylaw.

SECTION 2 – DEFINITIONS

DEFINITIONS

In this Bylaw, unless a contrary intention appears, the following words or terms shall be held to have the following meaning:

A

Above Ground Fuel Storage Tanks

A storage tank, any portion of which is above grade and containing gasoline, diesel fuel, propane or other fuel for retail sale.

The portion of the flood plain inundated by the 1:500 year flood that is not floodway.

(Bylaw No. 5641, 2021)

Floodway

The portion of the flood plain adjoining the channel where the waters in the 1:500 year flood are projected to:

- (a) Meet or exceed a depth of one metre; or
- (b) Meet or exceed a velocity of one metre per second.

(Bylaw No. 5641, 2021)

Flood Proofing

A measure, or combination of structural and non-structural measures, incorporated into the design of a structure that reduces or eliminates the risk of flood damage to a defined elevation.

- (a) For buildings, this means the use of construction techniques, design or devices, equipment or materials to protect the building from potential flood damage, which may require the opinion of a qualified professional engineer that the development will withstand the hydraulic pressure and velocity of the design flood.
- (b) For land, this means the adoption of measures such as filling Flood Fringe areas to prevent damage to such buildings or land by a flood of a specific magnitude (1:500 design flood level) if:
 - I. It does not negatively affect neighbouring uses due to the new proposed elevations: and
 - II. The proposed fill can be safely stabilized and does not significantly reduce the channel capacity.

(Bylaw No. 5641, 2021)

Floor Area

The maximum habitable area contained within the outside walls of a building, excluding in the case of a dwelling unit any private garage, porch, sunroom, unfinished attic or unfinished basement.

A land use district established by Sections 6 to 10 inclusive, of this Bylaw.

Zoning and Building Abstract

A document which may be issued by the Development Officer pursuant to Section 3.14 of this Bylaw to an applicant outlining the current status of any existing use or building, as to whether it is in conformance with all or part of this Bylaw or is deemed to be a legal non-conforming use or building.

Zoning Maps

The maps contained in Section 12 of this Bylaw, as may be amended by Council from time to time.

SECTION 3 – ADMINISTRATION

3.0 ADMINISTRATION

3.1 Bylaw Transition in relation to other Jurisdictions

3.1.1 More Restrictive Regulation Applies

Where a property is affected by any regulations in this Bylaw and by regulations of the Province of Saskatchewan or the Government of Canada, the regulations, which are more restrictive, shall prevail.

3.1.2 Provincial and Federal Statutes Apply

Notwithstanding any other provision of this Bylaw, no land shall be developed or used, and no structure erected or maintained in violation of any provincial or federal statute or regulation. Compliance with any of the requirements contained in this Bylaw does not exempt or preclude further compliance with any order, permit, license, permission, approval, easement, covenant, agreement, contract, or similar legal document affecting development.

(Bylaw No. 5641, 2021)

3.2 Bylaw Transition in relation to certain existing Uses

3.2.1 Legal Non-Conforming and Prohibited Uses

Land uses or Developments which existed prior to the approval of this Bylaw and which were allowed by Zoning Bylaw No 3000 but are not listed as Permitted or Discretionary Uses under this Bylaw, shall be considered Prohibited Uses. Such uses shall be allowed to continue as “legal non-conforming” only in accordance with Sections 88 to 93 inclusive of the Act. Certain other proposed uses or developments may also be listed as Prohibited Uses in any or all Zoning Districts.

(Bylaw No. 5589, 2019)

3.2.2 Former Permitted Uses Now Discretionary

Land uses or Developments which existed on a site and which were listed as Permitted Uses under Zoning Bylaw No. 3000 but are now listed as Discretionary Uses under this Bylaw, shall be considered as Permitted Uses. However, no alterations or enlargement of the land use or development shall take place without a new Discretionary Use approval. Certain other uses or developments which existed prior to the approval of this Bylaw may be listed as an Existing Discretionary Use by reference to their legal land description in that Zoning District.

3.2.3 Existing Sites for One-unit Dwellings

Any existing site lawfully existing at the time of the passing of this Bylaw which is in a Zoning District where a one-unit dwelling is a Permitted Use shall be a fully conforming site, regardless of whether it contains a dwelling.

3.2.4 Existing Buildings in Commercial and Industrial Districts

Buildings lawfully existing at the time of passing of this Bylaw within any Commercial or Industrial District, shall be limited in terms of changing any front, side and rear yard setback, parking and loading spaces to the regulations of the zoning district in which they are located.

3.2.5 Effect of Metric Conversion

No existing use, building or site shall be deemed to be non-conforming to the Bylaw regulations by reason only of the conversion of the measurements in this Bylaw from the Imperial System of measurement to the Metric System of measurement where such non-conformity results solely from the conversion and is reasonably equivalent to the Metric System of measurement.

3.2.6 Existing Non-conforming Sites

No existing site shall be deemed to be non-conforming to the Bylaw regulations despite its dimensions or area failing to at least equal the standards prescribed for proposed sites in the zoning district in which it is located. Development proposed on such sites shall still be required to conform to all relevant Bylaw regulations.

3.3 Use of the Holding Symbol “h”

Subject to the policies of Section 19.1.4 of the Official Community Plan, the Holding Symbol “h” may be used in conjunction with any zoning district to identify the future use of land. As required by the Act, the zoning regulations for the underlying zoning district shall apply upon the removal of the Holding Symbol “h”.

3.4 Overlay Zoning Districts

Overlay zoning districts apply additional regulations to specific lands and are indicated on the Zoning Map. These regulations add to the regulations contained in the conventional zoning district applicable to a site. Where the conventional zoning district regulations applicable to a site appear to be in conflict with the overlay zone regulations applicable to a site, the overlay zone regulations shall take precedence.

3.5 Responsibility of the Development Officer

Except for Section 11 of this Bylaw, which shall be administered by the City’s Building Official, the Development Officer shall administer this Bylaw. The Development Officer shall be the City Planner, the Bylaw Enforcement Officer or any other employee of the City authorized in writing by the Council to act as a Development Officer for the purposes of this Bylaw and the Act. For the purposes of administering and enforcing Section 11, the Building Official shall have the same authority under the Act as a Development Officer.

(Bylaw No. 5589, 2019)

3.6 Application of the Regulations

- a. No person shall erect, construct, locate, alter or reconstruct any building or structure, or develop, locate or carry on any use of any land or building, within any district, except as permitted by this Bylaw, and subject to all regulations contained in this Bylaw.
- b. Nothing in this Bylaw shall be interpreted so as to interfere with the use of land for the construction, maintenance and operation of any public utility, Fire Department, Municipal Transit System, or Municipal, Provincial or Federal Police Service. However,

administrative buildings and buildings or uses accessory to those uses which are constructed by the agencies noted in this section shall be designed to be compatible with the properties in the vicinity in terms of height, setbacks, landscaping, parking, loading or flood proofing.

- c. Where any calculation results in a fractional value:
 - i. any fraction up to one-half shall be disregarded;
 - ii. fractions including and over one-half shall be rounded to the next whole number.
(Bylaw No. 5589, 2019)
- d. Where an easement exists, which is greater in width than a required setback, the width of the easement shall become the minimum setback.
(Bylaw No. 5641, 2021)

3.7 Development Permits

3.7.1 Development Permit Required

Except as specifically exempted by this Bylaw, no person shall commence a permitted or discretionary use or form of development without having first obtained a development permit and if required, a building permit.

3.7.2 Development Not Requiring a Development Permit

A development permit is not required for the following, subject to conformance with all applicable provisions of this Bylaw:

- a. The construction of a single storey accessory building with a gross floor area of 10m² or less;
- b. Subject to Section 4.12, the erection of any fence or gate;
- c. The development of a temporary building, the sole purpose of which is incidental to the erection, alteration or marketing of a building for which a development permit has been issued and is still valid;
- d. Maintenance and repairs to buildings provided that such work does not involve structural alterations, an increase in the number of dwelling units, an increase in gross floor area, a change in yard setbacks, or a change in use;
- e. The erection of satellite dish antennae and solar collectors where their installation does not involve structural alterations to a building;
- f. Demolition of buildings 10m² or less;
- g. Subject to the prior approval in writing by the Development Officer:
 - i. the grading or other earthmoving for preparation of land in accordance with an approved plan of proposed subdivision, and where required, a signed servicing agreement; and

- ii. the excavation or the removal of vegetation for construction, maintenance or landscaping purposes on a site where a development permit authorising such work has previously been issued;
- h. The maintenance, repair or installation of public works, services and utilities by the City, except where such activity requires a building permit; and
- i. Subject to Section 4.13, Garage and Yard Sales.

3.7.3 Concurrent Processing of Development permits, Building Permits, Sign Permits and Business Licenses

- a. Where multiple approvals are required for a particular development under City Bylaws, an application for a development permit may be processed concurrently with an application for a building permit, sign permit, business license for a home occupation, or a business license required for a new business, business license renewal, or a change in business location, as the case may be.
- b. In the case of applications for home occupations or other forms of business licenses, the issuance of a business license shall also constitute the issuance of a development permit. The development permit or business license shall take the form of a statement of approval, signed by the Development Officer, and if necessary, also by any other authorised Official of the City.

3.7.4 Plans and Information required for a Development Permit Application

Except in the case of applications for a sign permit, a business license or a home occupation, a development permit application shall be accompanied by all relevant information that the Development Officer requires to confirm that City Bylaw requirements are met. Plans must be legible and shall meet a standard that aligns with the scale of the project, at the discretion of the Development Officer. All applications shall be accompanied by a permit fee, as established by City Council in the Planning Fee Bylaw, at the time of application.

(Bylaw No. 5641, 2021)

3.7.5 Development Permit Application Process

- a. Development permit applications shall be submitted to the Development Officer who will issue a development permit for a development that complies with the requirements of this Bylaw, the City's Official Community Plan, the Act, and any other applicable City Bylaws.
- b. Where an application is made for a development for a discretionary use which has been approved by Council, the Development Officer shall issue a development permit subject to any specified development standards prescribed by Council pursuant to Section 54 of the Act.

(Bylaw No. 5438, 2013)

- c. Every decision of the Development Officer with respect to an application for a development permit shall be in writing and a copy of the decision shall be sent to the applicant.
- d. The Development Officer may revoke a development permit where:
 - i. the development permit has been issued in error;
 - ii. an approved development is not being developed or operated in accordance with the provisions of this Bylaw, or in accordance with the standards and conditions specified in the development permit;
 - iii. a development is subject to an agreement which has been cancelled by Council pursuant to Sections 79 or 82 of the Act.
- e. The Development Officer shall give the reasons for denying or revoking a development permit.
- f. Where a development permit has been issued and the development is not being undertaken in accordance with this Bylaw, the Act, or other relevant City Bylaws, and in the case of a discretionary use, in accordance with the development standards specified by Council, Council may direct the Development Officer to cancel or suspend the development permit, or the Development Officer may follow the procedure outlined in Section 242 of the Act. A suspended or cancelled development permit shall be reissued or reinstated upon compliance with this Bylaw, the Act and any other relevant Bylaw or the development standards imposed by Council.

(Bylaw No. 5641, 2021)

3.7.6 Validity of a Development Permit

A development permit shall be valid for a period consistent with the building permit, sign permit, or business license to which it applies. If the development authorized by a development permit is not commenced within six months from the date of issue, the permit expires. Prior to the expiry of the permit, if the recipient of a development permit submits a request in writing to the Development Officer for a time extension to begin the development, the Development Officer may extend the permit for an additional six months.

3.7.7 Development Permit Application Fees

The development permit application fee shall be as required in the Planning Fee Schedule which may be adopted and altered by a separate Bylaw of Council.

(Bylaw No. 5589, 2019)

3.8 Development Appeals

3.8.1 Development Appeals Board

- a. A Development Appeals Board for the City of Moose Jaw is hereby established and continued.

- b. The Development Appeals Board shall consist of not less than three persons who shall be appointed, by City Council, in accordance with Section 217 of the Act.
- c. Appeals may be taken to the Development Appeals Board in accordance with Section 222 of the Act.
- d. Appeals may be taken from a decision of the Development Appeals Board to the Saskatchewan Municipal Board in accordance with Section 229 of the Act.

3.8.2 Right of Appeal

- a. Where an application for a permitted use has been denied, the applicant shall be advised of the right of appeal to the Development Appeals Board.
- b. Where Council has approved an application for a discretionary use, with prescribed development standards pursuant to this Bylaw, the applicant shall be advised that any development standard considered to be excessive may be appealed to the Development Appeals Board.
- c. The Development Officer shall make available to all interested persons copies of the provisions of the Act respecting decisions of the Development Officer on the right of appeal.

3.9 Minor Variances

- a. Subject to Section 60 of the Act, the Development Officer may vary the requirements of this Bylaw subject to the following conditions:

(Bylaw No. 5641, 2021)

 - i. A minor variance may be granted for a variation only for:
 - a. the minimum required distance of a building from the site line; and
 - b. the minimum required distance of a building to any other building on the site;
 - ii. the maximum amount of a minor variance shall not exceed a 10% variation of the requirements of this Bylaw;
 - iii. the development shall conform to this Bylaw with respect to the use of land;
 - iv. the relaxation of this Bylaw shall not injuriously affect neighbouring properties;
 - v. no minor variance shall be granted:
 - a. in connection with an agreement entered into pursuant to Section 72 of the Act respecting the rezoning of land; or
 - b. if it would be inconsistent with any provincial land use policy or statements of provincial interest.
- b. An application for a minor variance shall be in a form prescribed by the Development Officer and shall include a fee which shall be set from time to time by a Bylaw of Council.
- c. On receipt of an application for a minor variance, the Development Officer may:
 - i. approve the minor variance;

- ii. approve the minor variance and impose terms and conditions on the approval; or
 - iii. refuse the minor variance.
- d. Where the Development Officer imposes terms and conditions on an approval pursuant to Subsection (c), the terms and conditions shall be consistent with the general development standards in this Bylaw.
- e. Where an application for a minor variance is refused, the Development Officer shall notify the applicant in writing of the refusal and provide reasons for the refusal.
- f. Where an application for a minor variance is approved, with or without terms and conditions being imposed, the Development Officer shall provide written notice to the applicant and to the assessed owners of property having a common boundary with the applicant's land that is the subject of the application.
- g. The written notice required pursuant to Subsection (f) shall:
 - i. contain a summary of the application for minor variance;
 - ii. provide a reason for and an effective date of decision;
 - iii. indicate that an adjoining assessed owner may within 20 days, lodge a written objection with the Development Officer; and
 - iv. where there is an objection as described in subsection (iii), advise that the applicant will be notified of the right of appeal to the Development Appeals Board.
- h. The written notice required pursuant to subsection (f) shall be delivered:
 - i. by registered mail; or
 - ii. by personal service.
- i. A decision approving a minor variance, with or without terms and conditions, does not take effect:
 - i. in the case of a notice sent by registered mail, until 23 days from the date the notice was mailed;
 - ii. in the case of a notice that is delivered by personal service, until 20 days from the date the notice was served.
- j. If an assessed owner of property having a common boundary with the applicant's land that is subject of the application objects, in writing, to the Development Officer respecting the approval of the minor variance within the time periods prescribed in subsection (i), the approval is deemed to be revoked and the Development Officer shall notify the applicant in writing:
 - i. of the revocation of the approval; and
 - ii. of the applicant's right-to-appeal the revocation to the Development Appeals Board within 30-days of receiving the notice.

- k. If an application for a minor variance is refused or approved with terms and conditions, the applicant may appeal to the Development Appeals Board within 30 days of the date of that decision.

3.9.1 Established Building Lines on Front Site Lines

At the discretion of the Development Officer:

On any front site line in any Zoning District, where a building line has been established along the front site line by existing buildings, a proposed new building may be constructed at either the established building line or the setbacks required in the Zoning District, provided that any accessory or attached garage for the building which has vehicle entrance doors to the street on which the building line exists shall be at least 1.5 m from that street.

(Bylaw No. 5589, 2019)

3.10 Non-Conforming Uses and Buildings

- a. Any use of land or any building lawfully existing at the time of passing of this Bylaw that is rendered non-conforming by the enactment of this Bylaw or any subsequent amendments, may be continued, transferred, or sold. Any change of use shall conform to this Bylaw.

- b. No enlargements, additions, or reconstruction of a non-conforming use or building shall be undertaken, except in conformance with Sections 88 to 93 of the Act.

(Bylaw No. 5589, 2019)

- c. Beyond the provision of accessible municipal records, the burden of establishing that a use or building was lawfully established and remains as a legal non-conforming use or building shall be upon the owner of the use or building.

- d. No lawfully existing use or building shall be deemed to be non-conforming as a result of the construction or widening of a registered road or rail right-of-way.

3.11 Zoning and Building Abstract

- a. The Development Officer may issue a Zoning and Building Abstract for any use or building, which is in conformance with this Bylaw or is deemed to be a legal non-conforming use or building.

- b. The applicant for a Zoning and Building Abstract shall provide the Development Officer with any information that may be required, including a Real Property Report that is current, legible and includes all developments on the site. A Real Property Report shall be prepared by a registered Saskatchewan Land Surveyor.

- c. The application fee for a Zoning and Building Abstract shall be set from time to time by a Bylaw of Council.

3.12 Discretionary Use Applications

3.12.1 Discretionary Use Application Fees

An applicant seeking a discretionary use approval or renewal of a previously approved discretionary use shall pay a fee which shall be set from time to time by a Bylaw of Council.

3.12.2 Discretionary Use Application Process

- a. The following procedures shall apply to discretionary use applications:
 - i. Applications shall be filed with the Development Officer in the prescribed form and shall include the following:
 - a. a detailed explanation of the purpose of the discretionary use;
 - b. a site plan drawn to scale;
 - c. any other information as may be required by the Development Officer for reviewing the application;
 - d. payment of the required fee.
 - ii. The application will be examined by the Development Officer for conformance with the Official Community Plan, this Bylaw and any other applicable City Bylaws.
 - iii. The Development Officer may request comments from other civic departments and other government agencies where applicable.
 - iv. The Development Officer will prepare a report for City Council concerning the application. The report may contain recommendations, including recommendations that development standards be applied in accordance with Section 57 of the Act.

(Bylaw No. 5602, 2020)
 - v. The City Clerk will set a date for the meeting at which the application will be considered by Council and will give notice in accordance with the City's Planning Public Notice Policy.

(Bylaw No. 5641, 2021)
 - vi. Council shall consider the application together with the report of the Development Officer, and any written or verbal submissions received by Council.

(Bylaw No. 5602, 2020)
 - vii. After considering an application for a discretionary use or discretionary form of development, Council may by resolution:
 - a. reject the application; or
 - b. approve the application, with or without development standards, where the facts presented establish that the proposed use or form of development:
 - i. will not be detrimental to the health, safety, convenience or general welfare of persons residing or working in the

vicinity or injurious to property, improvements or potential development in the vicinity; and

- ii. complies with the applicable provisions of this Bylaw and will not be contrary to the Official Community Plan.
- viii. The City Clerk shall notify the applicant of City Council's decision by ordinary mail addressed to the applicant at the address shown on the application form.

3.12.3 Discretionary Use Evaluation Criteria

- a. Discretionary uses, discretionary forms of development, and associated accessory uses shall conform to the development standards and applicable provisions of the Zoning district in which they are located, unless such provisions are altered by Council as a development standard for the specific situation, pursuant to the following Subsection 3.15.4.
- b. The following objectives shall be considered in the review of discretionary use applications:
 - i. the proposal must be in conformance with all relevant sections of the Official Community Plan as well as with any recommendations contained in a detailed land use, servicing or renewal study;
 - ii. there must be a demand for the proposed use in the general area, and a limited supply of land currently available in the general area capable of accommodating the proposed use;
 - iii. the proposal must be capable of being economically serviced by community infrastructure including roadways and public transit systems, water and sewer services, solid waste disposal, parks, schools, and other utilities and community facilities, where such services etc. are available; and
 - iv. the proposal must not be detrimental to the health, safety, convenience or general welfare of persons residing or working in the vicinity or injurious to property, improvements or previously approved development in the vicinity.

3.12.4 Development Standards for Discretionary Use Approvals

- a. In approving a discretionary use application, Council may prescribe specific development standards including but not limited to, parking, provision of open space, and recreation amenities etc., with respect to that use or form of development, provided those standards conform to the intent of this Bylaw and Section 57 of the Act.

- b. Council may approve discretionary use applications for a limited period of time where it is considered important to monitor and re-evaluate the proposal and its conformance with the objectives of this Bylaw.
- c. Council's approval of a discretionary use application is valid for a period of one year from the date of approval. If the proposed use or proposed form of development has not commenced within that time, and prior to the expiry date, the Developer applies to the Development Officer for a time extension, the Development Officer may grant an extension of no more than one additional year from the original approval date. The Development Officer shall advise the applicant and Council when a prior approval is no longer valid.
- d. If an approved discretionary use or form of development ceases to operate for a period of one year or more, the discretionary use approval shall no longer be valid. The Development Officer shall advise the Developer and Council at least two months before the date on which a prior approval will no longer be valid. An expired approval cannot be re-activated without the issuance of a new Discretionary use Permit by Council.

3.13 Concept Plan Applications

Subject to the Policies of Section 4.2.1c) of the OCP, all the provisions of Section 3.15 (Discretionary Use Applications) shall apply to the review of new proposals for Concept Plans, except for Subsections 3.15.2a iv, v and vii of this Bylaw.

3.14 Amending the Zoning Bylaw

3.14.1 Zoning Bylaw Amendment Application Fees

An applicant seeking to amend the Zoning Bylaw shall pay a fee which shall be set from time to time by a separate Bylaw of Council.

3.14.2 Public Notice Requirements

Public notice shall be given in accordance with the City's Planning Public Notice Policy.
(Bylaw No. 5641, 2021)

3.15 Zoning Bylaw Enforcement

Violations of this Bylaw will be enforced under the provisions of the Act.

SECTION 4 – GENERAL REGULATIONS

4.0 GENERAL REGULATIONS

4.1 Access to Sites

- a. No development permit shall be approved on any site without legal and suitable physical roadway access.
- b. The location and design of all access and curb crossings to a site must be approved by the Engineering Department prior to a development permit being issued.

4.2 Accessory Buildings

Subject to all other requirements of this Bylaw, an accessory building is permitted in any district only after a development permit has been issued for the principal use.

4.2.1 Accessory Uses

- a. Where a structure in the rear yard of a site is attached to the principal building by a roof, or is detached or separated from the principal building by less than 1m, it shall be considered as a part of the principal building, and such structure shall be subject to the same regulations, including yard setback requirements, as the principal building.
- b. In all residential districts, no garage, carport or similar accessory structure or any such combination of same shall have a combined floor area greater than the total floor area of the principal dwelling or 83.61m² or 35% of the rear yard area of the specific site (whichever is less), except in the R5 and R7 Acreage Residential District, where the combined floor area shall not exceed 150m². In calculating the main floor area of a principal building, the area of an attached garage shall be excluded.
- c. Except for the R5 and R7 Residential Districts, the maximum height of any garage, carport or similar accessory structure within all Residential districts shall be 4.5m (from grade to peak). In cases where the dwelling on the site is greater than 6m in height, the maximum allowable height of such accessory structures shall be 5m (from grade to peak).
- d. Notwithstanding Section (c), the maximum building height of any garage, carport, or similar structure within any R5 or R7 Residential Districts shall be 5.5m (from grade to peak).
- e. No garage, carport, or similar accessory structure or combination of such accessory structure shall occupy greater than thirty-five percent (35%) of the total rear yard within any Residential district.
- f. No garage, carport, or similar accessory structure shall be more than one storey in height above grade within any district except for R5 and R7. A second storey shall be determined by the existence of a second floor truss system. The use of attic space in any accessory building shall be limited to storage only.

- g. Where a garage or carport has an entrance or exit door for a motor vehicle situated parallel to a rear site or a side site line, the building shall be located at least 1.5m from that rear or side site line.
- h. Fabric covered accessory structures in any District shall be constructed in compliance with the requirements of the applicable Building and Fire Codes.

4.2.2 Shipping Containers

- a. Shipping containers shall be considered as an accessory building, structure or use in this bylaw and therefore shall comply with all provisions of Accessory Buildings, Structures and Uses and shall be classified into one of two categories:
 - i. **Temporary (short term) storage:** containers placed on site for a specified and limited period of time (less than 6 months) and used for short term storage typically associated with construction activities which are being undertaken on a site (i.e. storage of tools, construction materials). Containers are to be removed from the site when construction is complete or the permit expires, whichever comes first; and
 - ii. **Long Term Storage:** containers placed on a site for long term storage use, and typically associated with a business on the site requiring storage space for its product.
- b. The application for permits of all shipping containers shall be as prescribed by the Development Officer, and no shipping container shall be used, placed or stored unless as approved by the Development Officer.
- b. Notwithstanding subsection 4.2.2.a, shipping containers may be located as a standalone use or building in the Railroad District.
- c. Shipping containers are prohibited for placement in any Residential Zoned District, (except for temporary storage) unless the site has been approved for a non-residential use/occupancy.
- d. Shipping containers are prohibited for placement in any C1 or C2HER Zoned District, (except for temporary storage).
- e. Shipping containers shall only be used for storage of product directly related to the primary use of the building on the site (storage limited to what is sold, stored, or produced on site).
- f. Shipping containers may not be leased or used by an outside party other than the property owner or business tenant located on the site.
- g. Shipping containers shall be prohibited for use for human habitation.

- h. Shipping containers shall not be stacked on top of one another.
- i. Shipping containers shall only be placed in a rear yard or in a side yard but may not project beyond the front building line of the principal building.
- j. Shipping containers must comply with any minimum rear yard and side yard setbacks as required.

(Bylaw No. 5553, 2018)

4.3 *(Bylaw No. 5641, 2021)*

4.4 Bed and Breakfast Homes

- a. A bed and breakfast home may be located in any dwelling except townhouses or multiple unit dwellings. No exterior alterations shall be undertaken which would be inconsistent with the residential character of the building or adjoining properties.
- b. A maximum of 4 guest bedrooms shall be allowed in a bed and breakfast home.
- c. Only one of the required parking spaces shall be permitted in a required front yard.
- d. Discretionary Use procedures provided in Section 3.15 of this Bylaw shall apply to the review and approval of Bed and Breakfast Homes.

4.5 Building Height

- a. The height limitations of this Bylaw shall not apply to the following:
 - i. Scenery lofts not exceeding 3m in height in theatres;
 - ii. Chimneys;
 - iii. Church spires, belfries and cupolas;
 - iv. Monuments;
 - v. Mechanical penthouses and necessary mechanical appurtenances, provided they are erected only to such heights as is necessary, and provided they do not cover more than 10% of the gross roof area upon which they are located.
- b. In districts where the limitation on the height of buildings is less than 23m, public buildings, hospitals and schools may be erected to a height not exceeding 23m. If such public buildings etc. are to be located in a residential district, a greater side yard must be provided so that each required side yard which directly adjoins a dwelling without an intervening street or lane shall be 6m wide plus one additional metre for each metre by which the proposed building exceeds the height limit of the district.

4.6 Carnivals and Transient Sales Events

- a. Carnivals and outdoor amusement rides may be established for periods of up to 7 days in any 6-month period, provided they conform to the use provisions and to the yard and

other requirements of the zoning district. The area devoted to required landscaping or required parking for the principal use may be occupied by carnivals or outdoor amusement rides.

- b. Transient sales events associated with tents, trucks or other means of product storage may be established for periods of up to 10 days provided they conform to the use provisions and to the yard and other requirements of the zoning district. The area devoted to required landscaping may not be occupied by transient sales events. Only 4 of the required parking spaces in the area for the principal use may be occupied by such events.

4.7 Communication Antenna Support Structures

Communication support structures shall be a discretionary use in all districts and shall be reviewed in accordance with Section 3.12 of this Bylaw.

- a. The regulations of the Department of Communications (Canada) for the construction or modification of communication antenna support structures, apply for all communication antenna support structures.
- b. Support structures mounted on buildings shall be considered a part of the principal structure and be subject to the height regulations provided for the building and district.
- c. Ground Mounted support structures shall be located on the site:
 - i. to provide a minimum distance from all property lines equal to 20% of the height of the structure; and
 - ii. to ensure that the distance between the base of the structure and the peripheral guy wire anchors and the set back from any other on-site towers and supporting structures is large enough so that one tower not strike another tower or supporting structure if the structure fails.
- d. Ground mounted support structures shall not be permitted in the front or side yard setback area.
- e. All guy wire anchors shall be:
 - i. located entirely within the boundaries of the property and in no case less than the front yard setback requirements for that district; and
 - ii. located so as to provide a minimum of 3m horizontal setback from any overhead utility line.
- f. Where communication antenna support structures are the principal uses on a site, a chain link fence of not less than 2.5m high shall be provided around the structure and all access shall be provided through a locked gate.
- g. A development permit is required for all communication support structures.

(Bylaw No. 5438, 2013)

4.8 Custodial Care Facilities and Residential Care Homes (Types 1, 2 and 3)

- a. Custodial Care Facilities and Residential Care Homes (as defined in Section 2) may be approved as shown in Section 6.

- b. In any residential district, no exterior alterations shall be undertaken to a dwelling or former dwelling, which would be inconsistent with the residential character of the building or property.
- c. Surface parking and loading spaces shall be located at least 2.0 metres from any bedroom window and at least 1.0 m from all other windows, doors and balconies.
- d. Custodial Care Facilities and Residential Care Homes for ambulatory occupants shall meet the standard and regulations of the National Building Code Section 3.1.2.5. and 9.10.2.2.
- e. In addition to the development standards of the zoning district, Custodial Care Facilities and Residential Care Homes that are listed as discretionary uses shall be reviewed in accordance with Section 3.15 of this Bylaw.

4.9 Day Care Centres and Pre-Schools

- a. Day Care Centres and Pre-Schools may be approved as shown in Section 6.
- b. In any residential district, no exterior alterations shall be undertaken to a dwelling or former dwelling, which would be inconsistent with the residential character of the building or property.
- c. Day Care Centres or Pre-Schools which are located in residential district shall provide at least 3.25m² of fenced on-site outdoor play space for each child present in the facility at any one time.
- d. In addition to the development standards contained within the district, Discretionary Use procedures provided in Section 3.15 of this Bylaw shall apply to the review and approval of Day Care Centres and Pre-Schools.

4.10 Excavation, Stripping and Grading

- a. A development permit is required for the excavation of land, except for any such work being done by the City.
- b. For the purpose of this section, excavation shall not include:
 - i. excavation for construction or building purposes associated with a valid development permit or a valid certificate of approval for subdivision;
 - ii. the excavation or the removal of vegetation for construction, maintenance or landscaping purposes on a site where a development permit authorizing such work has previously been issued.
- c. Excavation shall include, but is not limited to, sand and gravel extraction, top soil stripping, the grading of land for drainage purposes, the grading of land and the clearing of vegetation from land without a valid development permit or valid certificate of approval for subdivision.

- d. A person wishing to excavate, strip or grade land shall provide the following information in their application for a development permit:
 - i. The location and area of the site on which the excavation, stripping or grading is to take place; and the existing land use and vegetation, including tree surveys where deemed appropriate by the Development Officer;
 - ii. The amount and type of vegetation, soil or other material to be removed or relocated, and the condition in which the land is to be left when the excavation is complete.
- e. Pursuant to provisions of Section 11.0 of the Official Community Plan, the Development Officer may issue a development permit when satisfied that the excavation is necessary for the interim use, development or maintenance of the subject land, and that all underground utilities or pipelines have been located and staked. The Development Officer may also issue a development permit for an excavation proposed prior to approval of a final concept plan, subdivision, or development permit authorising a new development for the site, when satisfied that the excavation is appropriate considering the conservation of important natural areas and vegetation, the maintenance of effective drainage patterns, and the health and safety of persons in the area.

4.11 Family Day Care Homes

- a. A Family Day Care Home may be located in a one or two-unit dwelling, a townhouse unit, or a Mobile, Modular or Ready-to-Move Home.
- b. A Family Day Care Home shall provide at least 3.25m² of fenced on-site out door play space for each child present in the facility at any one time.
- c. The number of children under the age of 13 years including the children who are resident in the dwelling, under care or supervision in a Family Day Care shall not exceed eight.

4.12 Fences or walls in Required Yard Setbacks

Fences or walls may be erected, placed, or maintained in any required yard only in conformance with the following regulations:

4.12.1 Residential Districts

- a. A maximum height of 2.0m in any required yard except in required front yards.
- b. A maximum height of 1m is allowed in any required front yard.
- c. In the case of a corner site, no wall or fence shall be placed so as to create a visual obstruction in a corner visibility triangle, as described in Bylaw No. 4760 – The Boulevard Bylaw.
(Bylaw No. 5589, 2019)
- d. In any R district, a 2.5m high wall or fence may be permitted along a side or rear property line that abuts an expressway, freeway or railway right-of-way or abuts a lane or parcel of land intended as a buffer strip adjacent to an expressway, freeway, provincial highway or railway right-of-way.

- e. For the purposes of this section, “grade” shall mean the approved or natural ground elevation of the lot immediately inside a fence or retaining wall; and “height” shall mean the average height above grade along a fence, wall line, including the height of any retaining wall which extends above grade.
- f. The addition of fill material to property in order to comply with the height restrictions of section f) and g) requires the written approval of the Development Officer.
- g. A property owner on the lower side of a retaining wall or embankment may construct a privacy fence to the same fence height as on the higher side.

(Bylaw No. 5496, 2015)

4.12.2 Other, Primarily Non – Residential Districts

- a. A maximum height of 2.5m is allowed except that, for existing residential uses, Section 4.12.1 applies.
- b. In the case of a corner site, no wall, fence, hedge or shrub shall be placed so as to create a visual obstruction in a corner visibility triangle.

4.13 Garage and Yard Sales

- a. Garage or Yard sales are permitted on any residential site, provided the sale is conducted by a resident of the dwelling on the subject site, or by a non-profit group associated with a place of worship, public school, community association, or other similar group or organization.
- b. No more than four sales will be permitted conducted from one site in one calendar year, and no sale shall last more than three consecutive days.
- c. These sales do not require a development permit.

4.14 Home Occupations

4.14.1 All uses will be permitted as a Home Occupation provided:

- a. They are not considered a prohibited use as described in subsection 2;
- b. They meet the development standards for Home Occupations contained in subsection (3);
- c. They meet the approval requirements of all other governmental agencies; and
- d. They meet the purpose and intent of Home Occupations as defined in the Official Community Plan.

4.14.2 Without limiting the authority of the Development Officer to deny applications for other types of Home Occupations which do not meet the requirements of the Bylaw or any other City of Moose Jaw Bylaw, or would be more appropriately located in industrial or commercial zoning districts, the following uses are

prohibited as Home Occupations, whether or not applications for such uses would otherwise comply with the applicable standards of this Bylaws:

- a. tattoo or body modification services;
- b. laundry services;
- c. veterinary services, boarding or care of animals;
- d. photographic or video studio involving adult or sexually oriented subject material;
- e. sharpening services, printing, screen printing, dying services, food packaging, upholstery, engraving and embroidery services that require the use of commercial or industrial equipment;

- h. industrial uses, including but not limited to welding, metal works, salvaging, recycling, warehousing, cabinet making or furniture making;
- i. businesses utilizing large power tools and machinery or requiring external venting, vacuums, blowers or exhaust ports;
- j. any business utilizing radio transmission equipment;
- k. on-site sale of any products, goods or merchandise;
- l. restaurants, take-out food services, and drinking establishments;
- m. the sale, storage or service of firearms, fireworks or ammunition; and
- n. any use that creates noise, vibration, smoke, dust, odour, air pollution, heat, glare, bright light, hazardous or unacceptable waste, electrical, television or radio interference detectable by sensory perception or by scientific instruments, at or beyond the boundaries of the building, or beyond the unit walls within a multiple unit dwelling containing the Home Occupation.

(Bylaw No. 5383, 2011)

4.14.3 The following development standards shall apply to all Home Occupations:

- a. No more than one non-resident person shall be employed in relation to Home Occupations on any one site;
- b. Home Occupations shall be conducted entirely indoors, and no more than 20% of the gross floor area of the dwelling, including the area of the basement and any attached garage, up to a maximum of 40m², may be occupied by a Home Occupation;
- c. An attached garage or detached accessory building may be occupied by Home Occupations, provided that the total area devoted to home based businesses does not exceed 40m² on the site, and that no required parking spaces associated with the principal use are occupied by Home Occupations;

- d. There shall be no exterior storage on the site in relation to the home based business, and no exterior alterations shall be permitted that are not consistent with the residential character of the building and property;
- e. One paved off-street parking space shall be required for a non-resident employee and at least one off-street parking space shall be required for the principal dwelling. Required parking may be located in a required front yard. Tandem parking spaces may be permitted. Additional off-street parking spaces may be required, where in the opinion of the Development Officer, due to the nature of the business or the site, the provision of parking is necessary to maintain the residential character of the area. The siting and screening of all required parking spaces shall be undertaken to the satisfaction of the Development Officer;
- f. No more than one business related vehicle with a gross vehicle weight of no more than 8,000 kg and a total length of no more than 6.0 metres may be stored on or in the vicinity of the site;
- g. Regardless of the number of Home Occupations that may be located on any one site, a total of no more than 8 client or business related visits per day and no more than 40 client or business related visits per week shall be made to Home Occupations on any one site;
- h. No deliveries of merchandise, goods or equipment shall be made to the businesses by a vehicle with a gross vehicle weight of more than 8,000 kg, or by a vehicle with a total length of more than 6.0 metres;
- i. A total of no more than 2.0 cubic metres of storage may be permitted within a dwelling on any one site, and a total of no more than 4.0 cubic metres of storage may be permitted within an attached or detached accessory building in relation to Home Occupations. No storage of hazardous, explosive or flammable materials shall be permitted in relation to a Home Occupation;
- j. An approved home based business may serve as the administrative headquarters for up to two associates or partners who may be permitted to work from their own dwelling provided they obtain separate home based business approval, and that they are present at the administrative headquarters no more than two hours in any one week period;
- k. With the exception of personal business cards or stationary, advertising which carries the address of the premises used for the home occupation is strictly prohibited; and
- l. The dwelling that the Home Occupation application is for must be the primary residence of the applicant.

(Bylaw No. 5377, 2011)

(Bylaw No. 5589, 2019)

4.15 Independent Living Suite

- a. Independent Living Suites may be permitted only on a site containing a one-unit dwelling by adding a Mobile or Modular Unit as a separate dwelling unit from the existing dwelling in all residential districts except R6 (Mobile Home District).
- b. Independent Living Suites shall be allowed for the benefit of an infirm immediate family member and only for the time period the family member needs it.
- c. A Suite shall be removed within 30 days once the infirm family member no longer needs it.
- d. The linear size of a Suite shall be no larger than 3.5m by 7.5m or 28m² in total area. Suites shall be a single story, pre-manufactured self-contained unit, bearing either the CSA standard label A277 or Z240. The Suite shall be subject to conditions of this Bylaw and shall meet the regulations of the Provincial Health Act and The National Building code.
- e. On site construction of Independent Living Suites is prohibited.
- f. Suites will not be included in the calculation of the total floor area for detached accessory buildings.
- g. Sanitary sewer and potable water utilities for the Suite shall be connected to the principal residence.
- h. Suites shall only be allowed in a rear yard and shall be located at least 1.2 m from the side and rear site lines.
- i. Suites shall be of a similar design and exterior finish to that of the existing one-unit dwelling on the site.

4.16 Junk, Salvage, Auto Wrecking Yards

- a. Notwithstanding Section 4.12, all Junk, Salvage and Auto Wrecking Yards shall be enclosed by an opaque or solid perimeter fence at minimum of 2.5m in height, but not more than 4.0m in height. The perimeter fence shall not be located in the required front yard. The required front yard shall be used for no other purpose than landscaping, necessary access driveways and customer parking.
- b. Vehicles shall be stacked no more than two high.
- c. Any other materials and vehicles stored on the site shall not exceed 80% of the height of the perimeter fence.
- d. All materials or vehicles connected to the operation of the business shall be stored within the confines of the perimeter fence.

4.17 The Keeping of Domestic Animals

- a. The keeping of domestic animals as pets is permitted in all districts, subject to relevant bylaws and legislation governing noise and public health; however, breeding kennels and boarding kennels are prohibited in all commercial districts and most residential districts (except in the R5 and R7 Residential Districts).
- b. A kennel enclosure for domestic animals shall be permitted as an accessory use in any district provided that only one kennel enclosure is permitted on any one site, and no part of the kennel enclosure shall:
 - i. be situated less than 1m from a side property line;
 - ii. be situated less than 1m from a rear property line; and
 - iii. be situated less than 12m from a front property line.

4.18 Mobile Home Parks

In addition to the development standards contained within this Section and the City of Moose Jaw Building Bylaw, Discretionary Use procedures provided in Section 3.15 of this Bylaw shall apply to the review and approval of Mobile Home Park applications.

- a. A development permit may be issued in conformance with Section 3.10.5 of this Bylaw. The applicant shall provide the Development Officer with drawings of the mobile home park that have been approved by an Architect or Engineer that is licensed to practice within the Province of Saskatchewan.
- b. The following accessory buildings and uses shall be permitted:
 - i. an administration office for the mobile home park;
 - ii. one dwelling unit for the owner or operator;
 - iii. recreational buildings and uses servicing only the park's residents;
 - iv. laundry facilities for the use of the residents;
 - v. other service and storage buildings accessory to the operation of the park.
- c. In Mobile Home Parks, only 1 accessory building shall be permitted within each mobile home site, such accessory building shall not exceed 30m².
- d. Each site within a mobile home park shall:
 - i. Access an internal road and have a driveway with a minimum width of 4.5m;
 - ii. Be clearly identified with permanent address;
 - iii. Have a minimum site area of 375m² with a minimum width of 12m;
(Bylaw No. 5377, 2011)
 - iv. Site requirements for a mobile home space are:
 - A minimum of 1.5m side yard from any adjacent mobile home space;
 - A minimum of 3m rear or side yard from the mobile home park boundary;
 - A minimum of 3m front yard from any internal road; and
 - A minimum of 15m from any mobile home space or permanent park accessory structure located on the opposite side of an internal road.

For existing Mobile Home Parks, new structures shall conform to the site requirements at the discretion of the Development Officer. It is at the discretion of the Development Officer to permit site requirements that align with the existing Mobile Home Park standards.

(Bylaw No. 5589, 2019)

- e. Mobile home parks shall provide a minimum of 10% of the total area, in a suitable location for the recreational use and the enjoyment of the park residents.

4.19 Number of buildings on a Site

- a. Subject to subsection (b) no more than one principal building shall be located on any site.
- b. Subsection (a) shall not apply to a site containing dwelling groups, shopping centres, industrial complexes, hospital and medical facilities, parks and educational institutions.

(Bylaw No. 5641, 2021)

4.21 Permitted Obstructions in Required Yards

- a. The following shall not be considered to be obstructions in any yards, and shall not be considered in the determination of property line setbacks or site coverage in any yard:

(Bylaw No. 5589, 2019)

 - i. steps and ramps 1.6 metres or less above grade level which are necessary for access to a permitted building or for access to a site from a street or lane; or

(Bylaw No. 5641, 2021)
 - ii. trees, shrubs, walkways, trellises or flag poles.
- b. The following shall not be considered to be obstructions in any front yard, and shall not be considered in the determination of property line setbacks or site coverage in any front yard:
 - i. lighting fixtures and lamp posts;
 - ii. patios and decks not more than 0.4 metres above grade;
 - iii. overhanging eaves and gutters projecting not more than 1.0 metre into a required front yard;
 - iv. canopies or balconies projecting not more than 1.8 metres into a required front yard;
 - v. architectural features and chimneys projecting not more than 0.7 metres into a required front yard.

(Bylaw No. 5589, 2019)
- c. The following shall not be considered to be obstructions in any front yard, and shall not be considered in the determination of property line setbacks:
 - i. patios and decks more than 0.4 metres above grade and projecting not more than 1.8 metres into a required front yard.

(Bylaw No. 5589, 2019)
(Bylaw No. 5641, 2021)
- d. The following shall not be considered to be obstructions in any rear yard and shall not be considered in the determination of property line setbacks or site coverage in any rear yard:

- i. patios and decks measuring not more than 0.6 metres above grade provided they are located at least 3.0 metres from the rear site line on interior sites and 1.5 metres from the rear site line on corner sites;
- ii. overhanging eaves and gutters, architectural features and chimneys projecting not more than 1.0 metre into a required rear yard;
- iii. enclosed private swimming pools on interior sites when attached to the principal building projecting not more than 3.0 metres into a required rear yard;
- iv. laundry drying equipment, recreational equipment, and private swimming pools and tennis courts, which are open to the sky.

(Bylaw No. 5589, 2019)

e. The following shall not be considered to be obstructions in any rear yard and shall not be considered in the determination of property line setbacks:

- i. patios and decks measuring more than 0.6 metres above grade, projecting not more than 3.0 metres into a required rear yard, provided they are located at least 3.0 metres from the rear site line;
- ii. canopies and balconies projecting not more than 3.0 metres into a required rear yard provided they are located at least 3.0 metres from the rear site line; or
- iii. accessory buildings.

(Bylaw No. 5589, 2019)

f. The following shall not be considered to be obstructions in any side yard and shall not be considered in the determination of property line setbacks or site coverage in any side yard:

- i. patios and decks not more than 0.6 metres in height above grade;

(Bylaw No. 5589, 2019)

g. The following shall not be considered to be obstructions in any side yard and shall not be considered in the determination of property line setbacks:

- i. patios and decks more than 0.6 metres in height above grade and canopies and balconies, provided they do not project more than 1.8 metres into a required side yard or project no more than 25% into the width of a required side yard, whichever is less; or
- ii. accessory buildings.

(Bylaw No. 5589, 2019)

4.22 Satellite Dish Receivers / Solar Collectors / Wind Turbines

The installation and operation of a satellite dish, solar collector or wind turbine, and their supporting structures onto a principal building shall be permitted in all districts subject to the regulations outlined below:

- a. No side or front yard shall be used for the placement of a satellite-receiving dish that is greater than 0.92 m in diameter in a residential district;
- b. No satellite-receiving dish with a diameter of greater than 0.92m shall be placed on the roof of any one or two unit dwelling, Mobile, Modular or Ready-to Move Home or accessory buildings and structures to those residential uses;
- c. Any solar panels, wind turbines, or associated operating structures attached to a building in a residential, commercial, or industrial district shall not exceed a height of 1.0m above the highest point of the roof upon which it is located;
- d. In the case of a corner site, no satellite dishes with a diameter greater than 0.92m shall be permitted in any portion of the rear yard which is within 3.0m of the side property line adjacent to a flanking street unless appropriate screening is put in place to the satisfaction of the Development Officer;
- e. In all Zoning Districts except R5, R7 and UH, all such proposed structures, if freestanding, shall not exceed a height of 6m above grade level, and shall be located a minimum of 9 m (or 1.5 times the actual height of the structure, whichever is greater) distant from any other structure on the subject site and from any other structure on all adjoining sites. In the R5, R7 and UH Zoning Districts, all such structures, if freestanding, shall be located no closer than 1.5 times the actual height of the proposed structure from grade level, to any other structure on the subject site and also to any other structure on all adjoining sites;
- f. In all residential and commercial districts, all structures, if attached to a principal building, shall not exceed a height of 1.0m above the height of the roof surface; and
- g. In all residential and commercial districts, all structures, if attached to or erected upon an accessory building or structure shall not exceed a height of 2.0m above the highest elevation of the accessory building that it is located on.

4.23 Secondary Suites

- a. Secondary Suites shall conform to the following regulations:
 - i. Secondary suites may be located only in one unit dwellings and shall occupy no more than 40% of the gross floor area of a dwelling, including the area of the basement;
 - ii. In order to accommodate a secondary suite, the principal building must have a minimum gross floor area, including the area of the basement, of 100m²;
 - iii. The maximum size of a secondary suite shall be 65 m²;

- iv. Not more than one secondary suite may be located in any one unit dwelling;
- v. A secondary suite shall contain no more than two bedrooms;
- vi. One off-street parking space shall be provided for a secondary suite, in addition to any parking space required by this Bylaw for a one unit dwelling; and
- vii. The entrance to the secondary suite shall be independent of the entrance to the principal dwelling.

4.24 Sidewalk and Parking Patios

Sidewalk Patios, Parking Patios and Seasonal Boardwalks are permitted in accordance with the Extension of Business for Sidewalk Boulevard and Parking Stall Policy, in association with an approved use.

(Bylaw No. 5641, 2021) (Bylaw No. 5589, 2019)

4.25 Site Lighting

Outdoor lighting for all developments shall be located and arranged so that no direct rays of light are pointed at nearby properties, or interfere with the safe operation of nearby roadways or traffic control devices.

4.26 Storage Tanks for Fuel

4.26.1 Above Ground Fuel Storage Tanks

Above ground fuel storage tanks may be permitted as principal or accessory uses, as long as they are installed in accordance to Section 4.3.2 Installation of Outside Aboveground Storage tanks of the National Fire Code.

4.26.2 Underground Fuel Storage Tanks

Underground storage tanks may be permitted as principal or accessory uses, as long as they are installed in accordance with Section 4.3.8, Installation of Underground Storage Tanks of the National Fire Code.

4.27 Storage of Vehicles in Residential Areas

- a. No person shall park or store on any part of any site any commercial or industrial vehicle, with a gross vehicle weight (G.V.W.) exceeding 8,000kg, or a total length greater than 6.0m for longer than is reasonably necessary to load or unload the vehicle.

(Bylaw No. 5589, 2019)
- b. The repairing, cleaning, painting, refitting, modifying or refurbishing of vehicles or machinery for payment or other consideration is prohibited.

- c. No person shall store or repair vehicles except vehicles used for personal transportation, recreation and non-commercial gardening and yard maintenance and is owned or operated by a resident of the dwelling and that no nuisance is created by doing so.
- d. No more than one unlicensed motor vehicle may be stored on a residential site. The storage of vehicle parts, partly dismantled vehicles, vehicles in a dilapidated or rusted state in yards is prohibited.

4.28 Tents and Other Temporary Structures

- a. Tents used or occupied for temporary overnight sleeping accommodations are permitted only:
 - i. In an approved campground;
 - ii. On sites developed for residential use only with a one or two unit dwelling. One tent may be located for the temporary overnight sleeping accommodation of the occupants or guests of the principal dwelling provided the tent is located in a rear yard, and not rented or made available for compensation, and that the persons occupying the tent have full access to all of the facilities and amenities of the principal dwelling; and
 - iii. The maximum floor area for tents referred to in subsection (ii) shall be 12m².
- b. Tents and other temporary structures not referred to in clause (a) shall conform to all requirements of this Bylaw.

4.29 Trailer Coaches and Mobile Homes

- a. Mobile homes used as permanent living or sleeping quarters shall be permitted only in a mobile home park.
- b. Trailer coaches may be occupied as temporary overnight sleeping accommodations only:

 - ii. in any residential district, trailer coaches may be located on any site for the temporary overnight sleeping accommodation of the guest of the occupants of the principal dwelling in compliance with the Regulations of Bylaw No. 4469 (the City's Trailer Coach Bylaw). The persons sleeping in the trailer coach shall have full access to all of the facilities and amenities of the principal dwelling.

4.30 Cannabis Retail Store

4.30.1 Intent

- a. The primary intent of these regulations is to ensure that Cannabis Retail stores are not located near institutional land uses frequented by youth under the age of 19 and to ensure Cannabis Retail Stores are accommodated in accessible and visible locations.

- b. The regulations also prevent Cannabis Retail Stores from clustering in locations, which may have cumulative impacts.

4.30.2 Separation Distances

- a. In the C3 Vehicle-Orientation Commercial District, no person shall establish a Cannabis Retail Store or enlarge an existing establishment closer than 166 metres from:
 - a) Elementary and High Schools;
 - b) Parks;
 - c) Day Care Centre;
 - d) Public Library;
 - e) Public Recreation Facility; and
 - f) Another cannabis retail store.

- b. In the C2 High Density Commercial District, no person shall establish a Cannabis Retail Store or enlarge an existing establishment closer than 83 metres from:
 - a) Parks (except Crescent Park which separation distance is 60 metres)
 - b) Day Care Centre;
 - c) Public Library;
 - d) Public Recreation Facility

Except elementary and high schools, and another cannabis retail store where the separation distance is 166 metres.

4.30.3 Measurement of Separation Distance

- a. The separation distance mentioned in sub-section 4.30.2 shall be a straight line, measured from the nearest point of the portion of the building used or proposed to be used for a Cannabis Retail Store to the nearest portion of the lot currently developed with any of the uses mentioned in sub-section 4.30.2.

- b. The separation distance mentioned in sub section 4.30.2 shall be assessed as of the date of receipt of a complete application as determined by the Development Officer.

4.30.4 Notwithstanding any part of section 4.2.1 Accessory Uses, sale of Cannabis as an accessory use shall be subject to regulations in this part.

(Bylaw No. 5563, 2018)

SECTION 5 – REQUIRED PARKING AND LOADING

5.0 Parking and Loading Requirements

5.1 Parking and Loading Spaces Required With Development

- a. No building approved under this Bylaw shall be erected, enlarged, or extended, unless the required parking and loading spaces are provided in connection with the new, enlarged or altered building or structure.
- b. When the intensity of use of any building, structure, or premises is increased through the addition of dwelling units, floor area, seating capacity, or other specified units of measurement which will require additional parking and loading facilities, those facilities shall be prescribed as a condition of the required Development Permit.
- c. Wherever the existing use of a building or structure is changed to a new use, parking and loading facilities shall be provided as required for the new use. However, if the building or structure was erected prior to the effective date of this Bylaw, additional parking and loading facilities are mandatory only in the amount by which the requirements for the new use exceed the requirements for the existing use.
- d. All required parking facilities shall be located on the same site as the principal building or use, with the exception of lands in the C2 High Density Commercial district. Off-site or remote parking may be approved where the remote site is within 230 metres of the principal building or use and where the remote site is located within a C2 High Density Commercial District.
- e. When the calculation of parking requirements results in a fractional required parking space:
 - i. any fraction up to one-half shall be disregarded; and
 - ii. fractions including and over one-half shall be deemed to be equivalent to one space.

(Bylaw No. 5589, 2019)
- f. The parking requirements for a building containing a mixed-use in which the gross floor area devoted to non-residential uses exceeds 2,500 square metres shall be reduced by 20% of the parking otherwise required to be provided for the non-residential uses.
- g. When an existing building is reconstructed in the C2 District, no parking shall be required for the first 600 square metres of gross floor area of the building; and any parking shall only be required in accordance with the standards of this section for the gross floor area in excess of 600 square metres.
- h. Within the C2 District, the first 325 square metres of gross floor area shall be exempt from providing off-street parking spaces.

5.2 Off-Street Registered Interest Parking

Where the necessary off-street parking space is provided on a site which is separate from that containing the building or structure for which it is provided, a registerable agreement between

the City and the owner and his heirs and successors shall be recorded in the office of the City Clerk, City Of Moose Jaw. This agreement restricts the use of the said site for the purpose of off-street parking so long as the main use or building for which the parking is provided exists. The City shall register an interest based on an agreement against the said site in the Information Services Corporation Land Titles Office. Off-street parking shall be provided within a maximum of 230 m from the building or structure for which the parking is required.

5.3 Payment in Lieu of Off-Street Parking Facilities

Council may exempt all or a portion of the off-street parking requirements in the C2 High Density Commercial District in exchange for a payment in lieu of the required spaces calculated. The payment shall be applied on the basis of \$5000 per exempted space and based on the cost of providing alternative off-street parking in the downtown.

5.4 Passenger Drop Off Spaces and Parking/Loading Spaces for People with Special Needs

5.4.1 Passenger Drop Off Spaces

- a. Elementary and High schools shall provide passenger drop-off spaces in conjunction with the development of new schools or in conjunction with any addition with a design capacity of 100 or more students to an existing school.
- b. A passenger drop-off space means a full size parking space located on school property or a full size parking space approved by the Engineering Department located on property within the roadway right-of-way. In the case of schools which front on a collector or arterial street, passenger drop-off spaces shall be located on school property and accessed by a service road.
- c. Required on-site parking spaces shall not be used to satisfy the requirements for the provision of passenger drop-off spaces.
- d. For elementary schools, drop-off spaces shall be provided at the rate of at least eight (8) spaces for the first 100 students and at least two (2) spaces for each additional 100 students.
- e. For High Schools, passenger drop-off spaces shall be provided at the rate of at least eight (8) spaces for the first 100 students and at least one (1) space for each additional 100 students.
- f. Passenger drop-off spaces shall be located:
 - i. within 50m of a school entrance;
 - ii. at least 3.0m from a driveway or marked cross-walk; and
 - iii. at least 15m from any intersection.
- g. The Development Officer, in consultation with the applicable school board, may reduce the number of required passenger drop-off spaces for additions to existing schools where there are demonstrated constraints at a specific school site, which limit the number and location of spaces that may be provided.

5.4.2 Parking/Loading Spaces for People with Special Needs

- a. For uses other than multiple unit dwellings, barrier-free parking spaces for people with special needs shall be provided, but not in addition to any required parking spaces, in accordance with the following:

Total Number of Parking Stalls	Number of Accessible Parking Stalls
5 to 10	1 ₁
11 to 100	1 plus 4% ₂
101 to 400	4% of Total Number of Parking Stalls ₃
401 and Over	4% of Total Number of Parking Stalls over 401 ₃
1. To conform to Clause 5.4.2a(ii) 2. One accessible parking stall to conform to Clause 5.4.2a(ii) 3. 50% to conform to 5.4.2a(ii)	

- i. have a minimum unobstructed width of 3.9m for each stall;
- ii. accessible parking stalls for vans equipped with wheelchair lifts shall:
 - a. have a minimum unobstructed width of 4.5m for each stall. This includes access aisles.
 - b. within a parking garage:
 - i) be located on an accessible floor;
 - ii) have a minimum clearance of 2.4m, measured vertically from the floor surface at the accessible parking stall and throughout the vehicular path of travel to the accessible parking stall; and
- iii. all barrier-free parking spaces shall be located as close to an entrance as possible but not exceeding 50 metres from a main entrance to the principal building or use on the subject site and each of those spaces shall be clearly identified by a sign not less than 1.5 m above ground level with the International Symbol for Accessibility.

5.5 General Regulations for Off Street Parking and Loading

- a. All required parking and loading facilities shall be used only for the purpose of accommodating the vehicles of clients, customers, employees, members, residents or visitors in connection with the principal building or use for which the parking and loading facilities are provided. The parking and loading facilities shall not be used for driveways, access or egress, commercial repair work, display, sale or storage of goods of any kind.
- b. Driveways, internal roadways, aisles and ramps, unloading and loading of motor vehicles in relation to entry points to the buildings on site shall include an adequate, safe and convenient arrangement of vehicular ingress or egress for required parking and loading facilities. Such facilities shall comply with the following design, development and maintenance standards:

- i. All required parking and loading facilities shall be clearly demarcated and have adequate storm water drainage;
- ii. Continuous cast in place or pre-cast curbing units of not less than 150mm in height shall be provided adjacent to streets. Concrete curb stops shall be placed to ensure that vehicles do not overhang boulevards or sidewalks. Curbing shall also be required to clearly demarcate the required portion of driveway leading to an internal roadway, aisle, ramp, parking space or loading space;
- iii. In situations where lighting of off-street parking and loading facilities is to be provided, the lighting shall be arranged, installed and maintained to deflect, shade and focus light away from any adjacent land used or intended to be used for residential purposes;
- iv. All required parking and loading spaces shall be clear of access driveways, aisles, ramps, columns, signs or other similar obstructions, and shall conform to the following minimum dimensions:

Table 5-1		
Type of Space	Minimum Dimensions	Minimum Vertical Clearance
Designated or Required parking spaces for people with special needs	3.9 by 6.0m for one space or 6.3 by 6.0 for two spaces side by side allowing for a 1.5m aisle between	2.4m
Loading space	3.0 by 7.5m	4.0m
Parallel parking spaces	3.0 by 6.7m	2.0m
Parking spaces having a direct access to a registered lane	2.7 by 6.7m	2.0m
Parking spaces other than those described above	2.7 by 6.0m	2.0m

- v. All required parking and loading spaces shall, without excessive vehicular manoeuvring, have direct access to a driveway, aisle or registered lane leading to a public street. Driveways and aisles which provide access to parking or loading spaces shall conform to the following minimum dimensions:

Parking Angle in Degrees	Width or Aisle or Driveway
75 to 90	6.0 metres (two way traffic)
50 to 74	5.5metres (two way traffic)

49 or less	3.7 metres (one way traffic only)
------------	--------------------------------------

For the purposes of the above minimum dimensions, angles shall be measured between the centerline of the parking or loading space and the centerline of the driveway or aisle;

- vi. All entrances to and exits from a parking facility shall be designed in such a manner as to minimize traffic congestion and interference with traffic movement along public streets;
- vii. Driveways leading to a public right-of-way or to an internal private roadway, aisle, ramp or parking space shall be of sufficient length and width to accommodate expected vehicle volumes. To minimize traffic congestion and interference of traffic movement within parking facility and along public streets, the length, width and slope of such driveways shall be based upon accepted engineering roadway design principles;
- viii. For multiple-unit dwellings, all parking spaces shall be suitably screened from view from adjacent streets, and all required visitor-parking spaces shall be clearly marked or signed as such. Parking spaces for the disabled shall be provided, but not in addition to the required tenant or visitor parking. Parking spaces for the disabled shall be provided in the ratio of one for every 100 parking spaces or part thereof.
 - a. Off-street loading and unloading space shall be provided totally within a building or structure or may be located in yard space. The space shall not be provided within the minimum required front yard or side yard unless it is open and uncovered.

5.6 Unspecified Requirements

1. Where the parking requirements of any use allowed by this Bylaw is not specified, the Development Officer shall:
 - a. establish an interim standard to allow the developer to proceed with the project; and
(Bylaw No. 5641, 2021)
 - b. recommend an amendment to this Bylaw to incorporate the interim standard.
2. In establishing the interim standard, the Development Officer shall be guided by the standards for similar uses in the City.

5.7 Fractional Spaces

If in determining the number of required parking spaces a fractional space is arrived at:

- a. any fraction up to one-half shall be disregarded; and
- b. fractions including and over one-half shall be deemed equivalent to one space.
(Bylaw No. 5589, 2019)

5.8 Required Off Street Parking in Residential Districts

5.8.1 The minimum off street parking requirements for all residential districts are set out in Table 5-3.

5.8.2 All multi-unit dwellings and non-residential principal buildings with a building floor area greater than 500m² shall provide one off-street loading space.

6.2 Interpretation of District Boundaries

- a. A zoning district boundary shown approximately at a site, street, or lane is at the boundary of the site, street or lane.
- b. A zoning district boundary shown approximately in the centre line of a street or lane is at the centre line of the street or lane.
- c. A zoning district boundary shown within a site, unless specifically noted, is fixed by the scale of the zoning map.
- d. A zoning district boundary shown following approximately a shoreline or the centre line of a creek, stream or channel follows the shoreline or the centre line of a creek.
- e. In the case of the Floodway Zone and Flood Fringe Overlay Zone, the boundaries shall be the same as those shown on plans drawn under the Canada-Saskatchewan Flood Damage Reduction Program (FDRP). In the event of a conflict between the boundaries on the Zoning Maps, the boundaries on the Canada-Saskatchewan Flood Damage Reduction maps shall prevail, except the areas protected by dykes and those areas filled to the 1:500 flood elevation after June 1978 (when the FDRP maps were prepared).
- f. Where the Zoning Map does not otherwise indicate the dimensions of a zoning district boundary, the scale of the Zoning Map shall govern.

6.3 Land Zone Use Charts

- a. The permitted, discretionary, accessory and where specifically necessary, prohibited uses are outlined in chart form within the regulations for each zoning district. The development standards for each use are also contained within the respective charts, in addition to uses, development standards and other provisions that may be located within other sections of the individual zoning district regulations, and within other relevant portions of the Bylaw.
- b. The permitted and discretionary use charts and development standards charts within each zoning district may contain subscript footnote references. The explanatory provisions referenced by the subscript footnotes are contained in the section entitled “Development Standards” which immediately follows the above-noted charts in each zoning district

10.2 FLOOD FRINGE OVERLAY DISTRICTS - f.1 and f.2

10.2.1 PURPOSE

To provide for orderly development and to reduce the potential for flood damage in areas subject to flood hazards.

10.2.2 f.1 and f.2 FLOOD FRINGE DISTRICTS

In any land use District designated on the zoning map with the letter “f.1” or “f.2” following the zone symbol, all uses within that zone shall be subject to the special regulations.

Example for illustrative purposes only:

M2f.1 M2 – Heavy Industrial land use zone uses are permitted subject to the provisions of the f.1 zone.

10.2.2.2 f.1 FLOOD FRINGE DISTRICT

All Flood Fringe f1 development shall comply with the following special provisions:

- i. the bottom of the joists of the first floor or the bottom surface of the slab on grade of the building or structure shall be 0.5m above the 1:500 design flood level;
- ii. no basement shall be permitted;
- iii. a development permit may be issued for accessory uses, structural alterations or additions to existing single detached dwellings, subject to the following conditions:

- (a) where accessory buildings are constructed at present grade, all heating plants, air conditioning, plumbing fixtures or electrical panels shall be located 0.5m above the 1:500 Design Flood Level; and
- (b) where garages or carports are attached to the principal building at grade, all heating plants, air conditioning, plumbing fixtures or electrical panels shall be located 0.5m above the 1:500 Design Flood Level.

10.2.2.3 f.2 FLOOD FRINGE DISTRICT

All Flood Fringe f2 development shall comply with the following special provisions:

- i. all heating plants, air conditioning and plumbing fixtures or electrical service shall be located 0.5m above the 1:500 Design Flood Level; and foundations and walls of any building or structure shall be flood proofed to an elevation 0.5m above the 1:500 design flood level and all plans for such shall be certified by a Professional Engineer or Architect.

10.3 SLUMP HAZARD OVERLAY DISTRICTS – s1 and s2

10.3.1 PURPOSE

To provide for orderly development and safe construction in areas which are subject to slope instability.

10.3.2 SLUMP HAZARD OVERLAY – s DESIGNATION

In any Zoning District designated on the zoning map with “s1” or “s2” following the symbol, all uses within that zone shall be subject to the special regulations specified in this section.

Example for illustrative purposes:

M2.s1 M2 – Heavy Industrial uses are permitted subject the provisions of the “s1” zone.

10.3.3 GENERAL SLUMP HAZARD DEVELOPMENT REGULATIONS

The known slump areas in Moose Jaw were identified for the City by the 2001 Golder & Associates Geotechnical Report (hereafter referred to as the Golder Report). These areas are identified on the Zoning Maps as either s1 or s2. All development in the Slump control overlay zone shall comply with the following special provisions:

- i. Within any Overlay zone designated as slump hazard, no person shall, backfill, grade, deposit earth or other material, excavate, store goods or materials, or erect, expand or structurally alter any buildings or structures or begin any new development except as specifically provided herein.
- ii. Unless specifically exempted by Subsections 10.3.4 or 10.3.5 below, all developers of land or buildings in a Slump control overlay zone shall be required to supply the Development Officer with a more detailed, favourable Geotechnical Report that authorizes the specific proposed development (including any conditions, safe building areas, setbacks or specific development standards which

are recommended) before any Development Permit may be issued for the development in question.

- iii. Subject to the receipt of the report required by Subsection ii above, Council may, in its discretion permit such development to occur where they are satisfied that such development will not adversely affect the existing slope stability of that site, neighbouring properties, drainage courses or public facilities (e.g. roads, utilities). In the exercise of Council's discretion to allow the proposed development, they must also ensure that the use is for one of the Permitted or approved Discretionary Uses contained in the specific Zoning District affected by this overlay Zone.
- iv. Subject to the receipt of the report required by Subsection ii above, no future subdivision of that site shall be permitted unless the subdivision is for one of the Permitted Uses or approved Discretionary Uses allowed in the specific Zoning District which is affected by this overlay Zone. As well, in the opinion of City Council, the proposed subdivision must not adversely affect the existing slope stability, neighbouring properties, drainage courses or public facilities (e.g. roads, utilities) or prejudice the future economical subdivision or servicing of the subject land.
- v. Subject to the receipt of the report required by Subsection ii above, no new excavations shall occur except as otherwise provided by the City Engineer.
- vi. Subject to all other requirements of this Bylaw, upon issuance of a Development Permit within any slump hazard overlay zone, the City shall register an interest on the subject property title acknowledging the existence of the slump hazard overlay.

(Bylaw No. 5641, 2021)

10.3.4 s1 DISTRICT

The land included in this District has been classed as having a High to Moderate risk of slope failure by the Golder Report. This district is established as being calculated at 3:1 from the toe of the slope. These areas are shown on the Zoning Maps and Map 1 (Natural Development Constraints) which is part of the City's Official Community Plan and determined as shown in Figure 1 below.

No new Principal Use shall be allowed on any land affected by this District. All existing Principal Uses on land affected by this District shall be classed as Legal, Non-Conforming Uses. Additions to existing detached accessory buildings, new detached accessory buildings and decks which are not attached to an existing Principal Use may be allowed at Council's discretion, subject to the receipt of a favourable Geotechnical Report referred to in Section 10.3.3ii.

Unless the required Geotechnical Report referred to above recommends a different setback from the top of the potentially-unstable slopes identified on the Zoning Maps, all new developments shall be required to have a minimum setback within a distance equivalent to a 3:1 distance (horizontal to vertical) from the toe of the particular slope.

10.3.5 s2 DISTRICT

The land included in this District has been classed as having a Low to Low-Moderate risk of slope failure by the Golder Report. This district is established as being the 30m setback from the upper limit of the s1 district. These areas are shown on the Zoning Maps and Map 1 (Natural Development Constraints) which is part of the City's Official Community Plan and determined as shown in Figure 1 below.

Subject to the receipt of a favourable Geotechnical Report referred to in Section 10.3.3ii, new Principal Uses maybe allowed on land affected by this District. Additions to existing Principal Uses or accessory buildings, new accessory buildings and decks which may be attached to an existing Principal Use may be allowed at Council's discretion, subject to the receipt of a favourable Geotechnical Report referred to in Section 10.3.3ii.

Unless the required Geotechnical Report referred to above recommends a different setback from the top of the potentially-unstable slopes identified on the Zoning Maps, all new developments shall be required to have a minimum setback beyond the s2 district limit.

Figure 1

10.4 UH – URBAN HOLDING DISTRICT

10.4.1 PURPOSE

10.7 HERITAGE OVERLAY DISTRICT – HER.

10.7.1 PURPOSE

To protect and allow appropriate redevelopment of identified heritage properties and ensure that adjoining properties are developed in a compatible, architecturally sensitive manner.

10.7.2 HERITAGE DESIGNATION – HER.

In any District designated on the zoning map with “HER.” following the symbol, all uses within that zone shall be subject to the special regulations specified in this section.

Example for illustrative purposes:

“R4-HER.” R4 – Core Mixed uses are permitted subject the provisions of the “HER.” District.

10.7.3 GENERAL DEVELOPMENT REGULATIONS

All development in the Heritage Overlay District shall comply with the following special provisions:

- i Applicants for development or re-development proposals on Designated* Heritage Properties in the Heritage Overlay District will be required by Council and Administration to obtain advice from a qualified professional architect to assess the impact of new development on that site.

* For the purposes of the Zoning Bylaw, the term “Designated Heritage Properties” shall only refer to those which have been recognized as such under the procedure outlined in Parts III or IV of *The Heritage Property Act*.

- ii Parking Areas and Structures as primary uses shall be a Discretionary Use in the Heritage Overlay District. Appendix B, Section C13 of the Downtown Local Area Plan shall be used as a guideline for the review of the application but shall not include the colour, texture, type of material, or architectural details.
- iii. Accessory parking areas shall not be permitted in the front yard of any property in this District.

10.8 CZ CONTRACT ZONING DISTRICT

10.8.1 PURPOSE

The purpose of Contract Zoning is to allow City Council, on a case by case basis to deal more effectively with the development of individual sites, blocks or other small areas with servicing, site or access limitations, unique features or opportunities which could not be accommodated by the current Zoning Bylaw.

10.8.2 APPLICATION

- i. The zone may only be applied on:
 - a. small or irregularly shaped sites;
 - b. sites restricted by physical barriers such as water courses, slopes, etc.;
 - c. infill or mixed use areas and historically sensitive areas; or
 - d. areas to accommodate unique features or development opportunities.
- ii. no contract zone shall be designated on a part of a building or structure based on a leasehold interest of any person in the land on which the building or structure is situated.

10.8.3 PERMITTED USES

Only uses specified in the contract agreement shall be allowed.

10.8.4 DEVELOPMENT STANDARDS

The regulations respecting site size, frontage, coverage, floor area ratio, building height and yards, signs, landscaping, parking, payment in lieu of parking, and loading shall be those specified in the contract agreement.

10.8.5 DEVELOPMENT REQUIREMENTS AND PROCEDURES

- i. Each application for a contract zone shall be evaluated on its own merits in accordance with the guidelines in Section 19.1.2 of the Official Community Plan for assessing contract zone proposals and requirements for evaluating discretionary uses in Section 3.15.5 of this Bylaw.
- ii. Where the proposal meets the requirements of this subsection, Council may enter into a zoning contract or agreement with the individual or corporation for the purpose of accommodating the request to re-zone the land.
- iii. Council may, in approving the zoning contract, attach conditions, which in its opinion, are necessary to implement the guidelines and ensure compatibility between the proposal and surrounding land uses and are only limited by the provisions of *The Planning and Development Act, 2007*.
- iv. The procedures for an amendment to the zoning bylaw specified in Section 3.16 of this Bylaw shall be used in processing applications for zoning contracts.

10.8.6 SPECIAL PROVISIONS FOR ZONING AGREEMENTS OR CONTRACT ZONING

A zoning designation, which is subject to an agreement entered into pursuant to the provisions of section 72 of *The Planning and Development Act 2007*, and section 19.1.2 of the Official Community Plan, shall be indicated on the Zoning Map. This will be indicated on the zoning map by the addition of the Bylaw number authorizing the agreement after the zoning district designation.

10.8.7 REFERENCE

- i. The use of the symbol “CZ” in the Zoning Maps and text shall indicate a property which has been re-zoned through a contractual agreement between a person or corporation and the City.
- ii. All approved zoning contracts shall be added to the Zoning Bylaw as part of Appendix “A” entitled Contract Zoning Agreements.

10.9 DC DIRECT CONTROL DISTRICT

10.9.1 PURPOSE

The purpose of the Direct Control District is to deal more effectively with the development of larger areas with servicing, site or access limitations, unique features or opportunities, which could not be accommodated by other existing provisions of the Zoning Bylaw.

10.9.2 APPLICATION

The zone shall only be applied on:

- i. larger sites with servicing site or access limitations;
- ii. areas restricted by physical barriers such as water courses, slopes, etc;
- iii. infill or mixed use areas and historically sensitive areas requiring redevelopment;
or
- iv. areas to accommodate unique features or development opportunities.

10.9.3 PERMITTED AND DISCRETIONARY USES

Only uses specified in designated Direct Control Districts, forming part of this Bylaw, shall be allowed.

10.9.4 DEVELOPMENT STANDARDS

The Regulations respecting development in Direct Control Districts shall be those specified in designated Direct Control Districts forming part of this Bylaw.

10.9.5 DEVELOPMENT REQUIREMENTS AND PROCEDURES

- i. Each application for a DCD zone shall be evaluated on its own merits in accordance with the guidelines in Section 19.1.5 of the Official Community Plan for assessing DCD proposals and the requirements for evaluating discretionary uses in section 3.15.3 of this Bylaw.
- ii. The amending bylaw which creates a new DCD zone shall include the list of permitted, discretionary, prohibited or legal non-conforming uses or forms of development which are necessary to implement the established guidelines for that proposal and ensure compatibility between the proposal and surrounding land uses. The amending bylaw shall specify the required development standards and regulations for the new DCD zone.
- iii. Council in approving the new DCD Zone requires a development agreement with the applicant or landowner in order to specify the conditions necessary to ensure that developments in the land use zone conform to the established guidelines for that proposal.
- iv. The procedures for an amendment to the Zoning Bylaw specified in General Provisions and Administration section 3.16 of this Bylaw shall be used in processing applications.

10.9.6 REFERENCE

- i. The use of the symbol “DC” in conjunction with a sequential number (DC1, DC2) in the zoning Maps and text shall indicate a property which has been re-zoned through the Direct Control District procedure.
- ii. All approved Direct Control Districts shall be added to the Zoning Bylaw as Appendix B.

10.10 “h” HOLDING PROVISION

See Section 3.6 for the interpretation of, and procedure for using this Provision.

SECTION 11 – SIGN REGULATIONS *(as amended by Bylaw Nos. 5415, 5438, 5451 & 5589)*

11.1 SECTION DEFINITIONS

Sign, A-Board

A portable, A-shaped sign which is set temporarily upon a sidewalk or the ground and which has no external supporting structure.

Sign, Animated

A sign depicting action, motion, light or colour changes through electrical or mechanical means.

Sign, Awning

An awning which incorporates a sign painted on, or affixed flat to the surface of the awning and which does not extend vertically or horizontally beyond the limits of such awning. The awning itself may or may not be illuminated.

Sign, Banner

A temporary sign composed of lightweight, non-rigid material that may be strung across a street or fastened to a light standard.

Sign, Canopy

A canopy or free-standing canopy which utilizes or incorporates a sign.

Sign, Face

The entire area of a sign on which writing could be placed.

Sign, Facia

A sign attached to, marked or inscribed on any structure which is attached parallel to the face of a building, wall but does not include a billboard, a third-party advertising sign or a painted wall sign.

Sign, Flashing

A sign with an intermittent or flashing light source. Generally, the sign's message is constantly repeated.

Sign, Freestanding

A sign supported independently of a building and permanently fixed to the ground but shall not include a sign that is attached to a fence, a parked vehicle, temporary signs or billboards.

Sign, Height

The vertical distance measured from the site grade at the street curb (other than an elevated roadway), which permits the greatest height to the top of said sign.

Sign, Portable

A sign mounted on a trailer, stand or similar support structure (including a vehicle), which is designed in such a manner that the sign can be readily located to provide advertising at another location, and may include copy that can be changed manually through the use of attachable characters.

Sign, Projecting

Any sign, except a canopy or awning sign, which is supported by an exterior building wall and projects outward from the building wall by more than 0.3 metres.

Sign, Roof

Any sign erected upon, against, or above a roof or on top of or above the parapet of a building.

Sign, Wall

Any sign, except projecting signs, attached, or affixed, to any part of the wall of a building, including entrance doors, overhead service doors and windows. This definition includes lettering, paintings, awnings, and marquees.

11.2 GENERAL PURPOSE OF SIGN REGULATIONS

The intent of this section is to permit signs which do not, by reason of their size, location, or manner of display endanger life and limb, confuse or mislead traffic, obstruct vision necessary for traffic safety, and further, to regulate such permitted signs being consistent with other bylaws within the City of Moose Jaw in such a way as to prevent them from causing annoyance or disturbance to the citizens and residents of the City.

11.3 ITEMS REQUIRING SIGN PERMITS

Any person who wishes to erect, install, suspend, alter or use any sign, supergraphics, marquee, canopy, awning, showcase or other projection, unless otherwise required in Section 11.4 of this Bylaw, shall first obtain a sign permit from the Building Official.

11.4 SIGNS WHICH ARE PERMITTED USES IN ANY ZONE

Subject to all other provisions of this bylaw, on any site and within any zone defined, designated or described in this Bylaw, the following types of official signs shall be permitted without the requirement to obtain a permit:

- a. Official notices, signs, placards, or bulletins required to be displayed pursuant to the provisions of federal, provincial or municipal legislation or displayed by or on behalf of the City or on behalf of a department, a commission, board, committee, or official of the City, authorized for such purpose;
- b. Advertising signs displayed on bus shelters and benches located on streets pursuant to an agreement with the City;
- c. Murals authorized by the Murals Management Board;
- d. Signs located on public transit vehicles or taxi cabs;
- e. Signs located inside a building, including permanent tenant identification signs located inside an enclosed shopping mall;
- f. Street numbers or letters displayed on a premise where together the copy area is less than 1.2 square metres;
- g. Election signs;

- h. Real Estate Signs;
- i. Construction Site Signs;
- j. A fascia sign which is attached to a building and states no more than:
 - i. the name or address of the building;
 - ii. the name of the person or institution occupying the building;
 - iii. the activities carried on in the building including hours of operation and rates charged, provided the total sign area does not exceed 0.7 square metres; and
 - iv. the home occupation which operates there, provided the sign does not exceed an area of 0.2 square metres.
- k. Signs placed for the guidance, warning or restraint of persons;
- l. A-Board Signs subject to Section 11.27;
- m. Temporary signs or structures erected or located in connection with residential, commercial, or industrial developments when approved by the Building Official and for such period of time as the Building Official deems appropriate;
- n. The replacement of existing banners subject to Section 11.13;
- o. Garage/Yard Sale Signs, only on the private site of the vendor (See Sections 4.13 and 11.15).
- p. Portable Signs subject to Section 11.20.
- q. Directional signage providing on-site directions for the convenience and safety of persons using the site;
- r. Signage designating loading zones or other designated parking areas;
- s. Drive-thru menu boards in conjunction with an approved restaurant.

(Bylaw No. 5641, 2021)

11.5 SIGNS PERMIT APPLICATION REQUIREMENTS

- a. An application for a sign, marquee, canopy, awning, roof sign, billboard, sign which overhang public property, showcase or other projection and any other sign requiring a Permit under this Bylaw shall be made to the Building Official by the owner or his representative on a form provided by the Building Official.
- b. An application shall include all information as may be required for complete understanding of the proposed work, and in all cases shall include position, location, construction, and type of structure to be erected.

- c. Permit application fee shall be as required in Bylaw No. 5510 – Planning Fee Bylaw, which is adopted and altered as a separate Bylaw by Council.

11.6 GENERAL SIGN REGULATIONS

The Building Official, where deemed necessary, may submit any application to the Council of the City of Moose Jaw for approval and for special conditions to be complied with.

11.7 DURATION OF A PERMANENT SIGN PERMIT

A sign permit for a permanent sign shall not expire and must only be renewed prior to any changes or alterations of the sign. All work must be completed within six months of the issuance of the permit. Once the six months has expired, an additional application must be made to the Building Official. Upon application to the Building Official, a sign permit may be validated for a further period of six months.

11.8 SIGN OWNER’S RESPONSIBILITIES

Where erecting, installing, suspending or maintaining a sign, marquee, canopy, awning, or other projection, the owner shall comply with all the applicable provisions of this Bylaw and any other applicable City Bylaws.

- a. The owner of a sign, marquee, canopy, awning, showcase or other projection shall not deviate from the plans approved under the sign permit unless such deviation is approved in writing by the Building Official if the deviation involves a change in design or position of the sign, or by City Council if the deviation involves a change in a sign permitted at Council’s discretion.
- b. Neither the granting of a sign permit nor the approval of the plans nor any inspections made by the Building Official shall in any way relieve the owner of a sign, marquee, canopy, awning, showcase or other projection from compliance with the provisions of this Bylaw and from full responsibility for any work required by the Building Official in accordance with this Bylaw and as may be specified on the sign permit.

11.9 ADDITIONAL POWERS OF THE BUILDING OFFICIAL

- a. Pursuant to *The Uniform Building and Accessibility Standards Act (UBASA)*, the Building Official may:
 - i. request a change to the plans or specifications submitted and, in the permit, set out directions as to the actual manner in which the work shall be carried out;
(Bylaw No. 5641, 2021)
 - ii. revoke or refuse to issue a permit where in the Building Official’s opinion the work done or proposed to be done fails to meet the requirements of this or any other City Bylaw.
- b. The Building Official may order the owner to repair or remove any sign which has been deemed a nuisance, that is, if, in the opinion of the Building Official, the sign is, by reason of accident, damaged by fire, or any other cause, in danger of falling or causing personal injury or property damage.
- c. Where improvements requested by the Building Official under this Section are not made, the Building Official shall order the removal of the sign and the costs of such removal may be received with costs by action or in like manner as municipal taxes.

- d. If the Building Official finds any sign in such nature as to endanger life or be liable to cause serious danger and believes that such danger may be averted by the immediate application of precautionary measures, he may take such precautionary measures as he deems necessary.
- e. All costs incurred in connection with the taking of precautionary measures in Section 11.8.4 shall be borne by the owner or occupier of the building on which the sign is maintained and may be recovered by action or charged against the property in like manner as municipal taxes.
- f. Where any sign is not removed or made safe in accordance with the requirements of this Bylaw, after its removal has been ordered by the Building Official pursuant to this Section, such sign may be demolished or removed by the City of Moose Jaw and the property put in a safe condition at the expense of the owner of the property.
- g. Where the City of Moose Jaw proceeds to demolish or remove a sign pursuant to this Section, it shall proceed under the provisions of *The Cities Act* and, pursuant to the said Act, any amounts expended by the City of Moose Jaw incurred in the demolition or removal of a sign are to be added to, and thereby form part of, the taxes on the building on which the work is done and on the land on which the building is situated.
- h. All portable signs must be kept in good repair at the discretion of the Building Official.
