Approved: **yes / no** Fees Paid: **yes / no** PO# _____ Initials: _____

Program Guidelines

- The Tree in Memory Program provides the opportunity to have a tree planted in a City Park, along a trail or in City green space including Crescent Park and City Cemeteries.
- Applications are open to any individual, family or organization.
- The standard cost of a Tree in Memory is \$300 plus applicable taxes. Individuals or families are responsible for covering the costs associated with the Tree in Memory program. Prices are subject to change and additional charges may apply for requests outside the normal scope of the program.
- The tree will be planted and maintained by City of Moose Jaw staff.
- Every effort will be made to accommodate the preferred location request, however final placement location will be determined by the City with the family's approval.
- Tree species availability will need to be confirmed at time of ordering.
- Tree species listed are a guideline. Not all trees are suited to all locations, and species not listed may be planted in suitable locations. All requests will be reviewed to ensure that the species selected is compatible with the preferred location. The family will be consulted if any modifications are necessary to ensure the success of the tree.
- Tree in memory will be covered by warranty for 1 year after planting. Within one year, if the tree should need to be replaced, it will be arranged by the City of Moose Jaw. If a tree should need to be replaced after the first year, replacement will be at the cost of the family/organization.
