

PORTABLE TENT GARAGES

To erect a portable tent garage legally on your property, you must apply for a Building Permit from Planning & Development Services at City Hall, 228 Main Street North, 3rd Floor, and the plans must meet the following requirements:

- The fabric material must meet Subsection 3.1.6 of the National Building Code and CAN/ULC-S109M "Flame Tests of Flame-Resistant Fabrics and Films"
- The site setbacks must meet the requirements set out in the City of Moose Jaw [Zoning Bylaw](#)
- The anchorage of the building frame must comply with Subsection 9.23.6 of the National Building Code 2010
- The frame and all structural components are to be designed in conformance with Part 4 of the National Building Code 2015 and require the seal of a Saskatchewan Registered Professional Engineer

The following information is required to apply for a portable tent garage Building Permit:

- Site plan showing the proposed location of the portable tent garage on the property, including distances from property lines, existing buildings, etc.
- Complete Building Permit Application
- Building Permit Fee

Please call 306-694-4443 or email planning@moosejaw.ca for further information.
