2021 Property 'General Reinspection Program' Notice

Planned Dates: May 4 - November 30

Over time, property assessments become out of date due to changes to the property and gradual wear & tear. The General Reinspection Program undertakes to review each property to re-establish a uniform base of up-to-date property records for the municipality.

SAMA staff will complete on-site exterior inspections using physically distancing and masks to protect the health of the community and its staff. Information gathered from the review along with aerial photography and information collected from property owners, will be used to update property assessments.

SAMA, on behalf of the City of Moose Jaw, will be mailing 'Residential Property Self-Reporting Forms' to all properties to be reviewed this year. Forms must be completed and returned to SAMA. Any assessment changes as a result of the reinspection will be effective for January 1, 2022.

SAMA's goal, starting in 2018, is to reinspect every property in the province on a 12-year cycle.
