

MANAGER OF ENGINEERING

The Manager of Engineering directs and supervises staff of the Department, works with and manages external consultants and suppliers, and is responsible for the capital projects undertaken by the Department

Reporting to the Director, the Manager of Engineering will perform the following duties:

- Supervise, co-ordinate, give technical direction and ensure efficiency of assigned employees
- Obtain information for, plan and carry out detailed engineering design of both surface and underground infrastructure
- Prepare the specifications for and direct the technical aspects of capital construction projects
- Develop, implement and maintain engineering, design and development standards, master plans, growth servicing and infrastructure models
- Work with developers to review subdivision, servicing and development agreements and drawings
- Ensure the preparation and maintenance of final plans and records of Engineering Services facilities and programs
- Contribute to development and maintenance of asset management plans, including the collection and analysis of data
- Resolve external and internal problems and complaints as required
- Conduct engineering studies and prepare reports on projects
- Manage and keep current a program for the monitoring and efficient operation of traffic controls, waterworks, storm and sanitary sewer networks, including master plans and servicing for future growth
- Project, monitor and control expenditures of the budget for the team
- Attend City Council meetings as required

Qualifications:

- Member of the Association of Professional Engineers and Geoscientists of Saskatchewan or enrolled as a P. Eng., Licensee, or EIT
- 5 years' experience in the field of municipal engineering
- Demonstrated management, supervisory and project managements skills and experience
- Ability to work with people from various occupations and backgrounds
- Working knowledge of OHS regulations
- Excellent communication skills, both written and verbal

Salary: \$96,792 to \$120,948 annually
